Community Service and Volunteering

Community service can have a positive impact. Volunteering within your community benefits you and your chapter by showing how you can affect the community. Depending on how you volunteer, you can learn many different abilities such as being apart of a team and communicating with those you are volunteering with. Some ways are to donate to or volunteer at a food pantry, put activity boxes together, or even clean up at your park! You can even turn it into a competition within your chapter!

**Southwest
Regional
Conference**
March 1, 2019

**St. Louis Area
Regional
Conference**
March 9, 2019

**OTC Regional
Conference**
March 22,
2019

**State
Championship
Conference**
April 14-16,
2019

Upcoming Conferences

Before going to the State Championship Conference, you get to show off and compete at a regional level. This offers a chance to see what you can improve on before State and to get more ideas. This year, each region is hosting their own conference in a respective area. There are three regional conferences so be sure to check out those dates! We can't wait to see what you have accomplished this school year and look forward to seeing you!

HIGHLIGHTED MEMBER

The nominations have been submitted and we are glad to say that there is a member chosen!

The Member of the Month is Micheal Coyle. He has gathered sponsors for the car show that Liberty High School hosts and has coordinated booths for STEM nights at local elementary schools. He is said to be reviving the chapter constantly and even designs their shirts.

REMINDERS

- Get a head start on your events for the following conferences!
- Registration for the Southwest Regional Conference is open! Register before February 7th.
